

Flu clinic scheduling is right around the corner! Arlington Pediatrics is excited to announce that we will "trial" online scheduling for our 2023 September and October flu clinics. Starting Tuesday, August 22nd, we will open a fixed block of appointment dates for online scheduling. Follow the directions below to access the appointments through your child's "Patient Portal" to schedule online. If your child's portal is not active, you will not be able to trial this feature. Please rest assured that when the appointments fill we will have PLENTY of additional flu shot appointments available, and as we have done in the past, we will start offering traditional phone scheduling on Wednesday, September 6 at 10:00 am. We look forward to utilizing this flu clinic feature throughout the season, and we appreciate your patience and flexibility as we make appropriate adjustments to this process!
